3. Different subcultures exist in Russia as they do in other countries. (jigsaw reading)

- 1) What common features can you find in the corresponding subcultures in Russia and in other countries? (Use exercise 4, Unit 3 in the Reader.) (reading for the main idea)

A. Bike subculture appeared in Russia with the appearance of Moscow motorbike club 'Night Wolves'. Officially it was founded on May 31, 1989. But the core of it appeared in the early 80s.

A Night Wolf No 1, nicknamed 'The Surgeon' got his motorbike from his grandfather. The grandfather got it from the USA by lend-lease.\* The motorbike was produced in 1942, but it works well. The Surgeon (he is a real surgeon) together with his friends kept order at the concerts of underground musicians as 'Hell's Angels'\* did it. Working as guards is classical pastime of bikers.

The club is so famous not only in Russia but also all over the world that the first Russian Bike Show, which took place in 1995 attracted a lot of guests from abroad. Among them there were the representatives of subdivisions of 'Hell's Angels' in different countries.

A biker in Russia prefers a heavy bike like Harley Davidson\* and a leather jacket. But besides a real biker has his own values and beliefs as bikers of the USA have.

Some people consider bikers aggressive. But in most cases they have only threatening appearance.

B. The good old times for most of our hippies were the 1970s.\* Their ideals include love, peace, freedom of self-expression, and nonconformity to society's rules. Against the background of speeches, reports, slogans, which served as a smokescreen for corruption and moral crisis, hippies showed to young people an alternative to all that. Unfortunately, now the hippie community is becoming a place for really hopeless characters and those without any ideas and principles. It is not so difficult to look like a traditional hippie: a pair of worn-out blue jeans, long

**Задание 3.** Прочитайте текст №3 В. о субкультуре *Хиппи*. Выпишите в тетрадь положительные и отрицательные характеристики этой субкультуры.

hair tied with bit of string and a couple of decorative chains. This is often used by drug sellers. They have noticed that if you are wearing your hair long and your jeans are old, you have a much easier time on the road.

Remarkably, while in society at large the drug problem is becoming more serious, within the hippie community it has stopped growing.

Today hippies are more socially active. They set up environmental groups and join charity projects.

"Everything that brings people together is good; everything that draws them apart is evil. Love is the most powerful thing that brings people together."

2) How are bikers and hippies different in Russia and abroad?

Good luck!
